ROGUE KANGAROO.

The blue kangaroo on the wet minaret
Laughed out at the folly of green
To the sad lily pad that it set in a fret,
As it had not a flying machine.
So weep while we creep to the base common-place
Of the nebulous coffee and bun;
It's rarely we care, though we face the disgrace
Of the grease spots we see on the sun.

To think Materlinck had a spent penitent
When shopping in Kalamazoo!
It was not such a lot and I meant to dissent,
But what was the poor man to do?
To slam Rotterdam would not blow up Bordeaux,
As the false misogynists cry:
Then why should we, try to bake snow when we
know
We shall meet in the sweet by-and-by?

This may, I should say, sound absurd, but I've
heard
Greater nonsense far in my time.
And read what is said to be great, that I'd state
Did not have either reason or rhyme.
It shows I compose just as well in my cell
As some much cracked-up poets still free.
I'm cracked, that's a fact, but some fellow might
tell
Them to join me in gay Kankakee.

The Oddfellows who accompanied Special

Twins, a son and daughter, were born to Mr.
and Mrs. Harry Nickell at Springfield. They
are the fifth generation of twins now living.
Both father and mother were twins, boy and
girl in each family, and the same thing can

back to first generation of the five now living
on the mother's side.

One hour after Hunt's Removal Sale opened
Saturday morning, their window was complete-
ly dismantled; even the draperies used in the
decorations were taken by eager purchasers.
At 11 o'clock the throng was so great, it was
feared the doors would have to be looked for a
while. Late in the evening the writer saw the
store and it looked like a Kansas cyclone had
swept it. Around the ribbon case, empty rolls
and yards of ribbon paper were piled like a
snow drift, empty boxes and baskets, dismantled
fixtures and bare tables attested the buying
force that crowded the store all day. It was
an unprecedented event here.

His Last Hope Realized.

From The Sentinel, Geko, Montana.

In the first opening of Oklahoma to settlers in
1889 the Editor of this paper was among the many
seekers after fortune who made the big race one
fine day in April. During his traveling about and
afterwards his camping upon his claim he en-
countered much bad water, which, together with
the severe heat, gave him a very severe diarrhea,
which it seemed almost impossible to check, and
along in June the case became so bad he expected
to die. One day one of his neighbors brought him
one small bottle of Chamberlain's Colic, Cholera
and Diarrhoea Remedy as a last hope. A big dose
was given him while he was rolling about on the
ground in great agony, and in a few minutes the
disease was soon noticed and within an hour the pa-
tient was taking his first sound sleep for a fort-
night. That one little bottle worked a complete
cure and he cannot help but feel grateful. The
season for bowel disorders being at hand suggests
this item. For sale by Jas. J. Wood & Son, Drug-
gists.

Beware of Ointments For Catarrh That
Contain Mercury.

As mercury will surely destroy the sense of smell
and completely derange the whole system when
entering it through the mucous surfaces. Such
articles should never be used except on prescrip-
tions from reputable physicians, as the damage
they will do is tenfold to the good you can possi-
bly derive from them. Hall's Catarrh Cure,
manufactured by F. J. Cheney & Co., Toledo, O.,
contains no mercury and is taken internally, act-

TOMORROW will witness the presence in Maysville of a body of military, which comes to preserve the peace and to protect the good name of the community.

THE only people who object to the "expense" of bringing troops here to preserve order and perhaps save the lives of innocent citizens, are those taxpayers whose share of payment probably amounts to as much as 1 1/2 cents.

THE Servians have shown to the civilized world how easy it is to change rulers, by simply burglarizing the Royal Palace at midnight and murdering their rulers and ministry in cold blood, not even sparing innocent women. The horror at Belgrade smacks of the feudal ages, and urges the question, "What is Europe coming to?"

DEMOCRATIC JURISDICTION.

Louisville Evening Post.

Judge Caruth is not in the least disturbed by any question of jurisdiction; his jurisdiction extends to all questions and runs as far as the Holy Land. Yesterday he enjoined Chairman Young from executing the order of the Central Committee. These orders called for a primary held according to law. An injunction stops it. But when an injunction is asked to prevent election officers from violating the law, the people are told the Courts have no jurisdiction.

WHERE PEOPLE COURT DEATH

A Strange People of the North.

In the Kolyma country in far-away Russia dwell a strange people who, when suffering from some incurable disease or weakened by age, often proclaim their wish to be killed by their nearest relatives, who feel themselves bound to comply, however unwillingly, with the request. In every part of the civilized world Dr. Burkhardt's Vegetable Compound is curing disease and filling despairing hearts with hope. Rheumatism, Catarrh, Constipation, Nervous Affections, Palpitation of the Heart, Kidney Trouble and all blood diseases yield quickly to its wonderful curative power. 30 days treatment 25c. Learning that Doan's Ointment was highly recommended for all troubles of this nature I got a box at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets. CLOTHING TALK!

There is something about the Hart, Schaffner & Marx Clothing by which you may identify them even more certainly than the label. It goes into them before the label. It is a style, a quality, a tailored-by-hand touch to them, a harmony of fabrics, trimmings, etc., a thoroughbred look about them never found in other clothing. The fact that we can't define it doesn't make it any less real. You can see it without fully realizing what it is. We can't show it or tell you fully about it until you wear the clothes. Then we won't need to. This incomparable line is for men and confined to us.

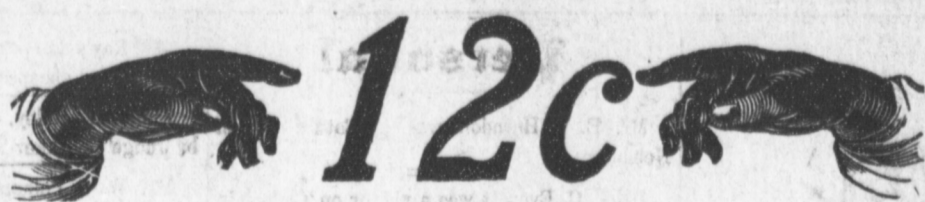

But we have provided as well for the boys and children. We invite inspection and comparison of both goods and prices.
OUR MERCHANT TAILORING DEPARTMENT, under the supervision of Mr. Charles F. McNamara, is the only one in the city paying Union prices and having all work done at home. Ask to see one of our made-to-measure Suits. You can get them cheaper elsewhere, but not like ours.

Over twenty Gas Ranges installed during the month of May—sold faster than they could be connected up—and every purchaser delighted.

GAS RANGES!

AT ACTUAL COST!

The Gas Company, if so desired, will make a written agreement with any purchaser of a Gas Range during the month of June to the following effect, to wit: That if said purchaser on the 1st day of August shall come to the Company and say that they are dissatisfied with the use of their Range, that it will not do their work as represented, or that the cost of using same is too great for them to afford to continue its use, then, in that event, the Gas Company will take the Range off their hands and refund any money paid upon its purchase price. All the Combine towboats have been put in fine condition for the coal-towing service.

Large numbers of immense channel catfish were caught in the Mississippi at Alton during the flood. Many of them weighed as much as a hundred pounds, and none weighed less than 75 pounds.

The Dave Wood was sent to the Marine Ways at Elizabeth. On the last trip up she went on the rocks at Wellsburg and several planks in her hull were damaged. She will be thoroughly overhauled.

Lieutenant Ture of the French Navy has, after much study, devised a plan for a ship, the passengers on which will, he imagines, be proof against seasickness. He has caught the idea from the motion of a swing.

While fishing in the New river, fifteen miles above Montgomery, W. Va., with a hand line around his waist, it is reported that William Skeese was drowned by an enormous fish in that river. The supposition is that he fell asleep, and one of the immense catfish with which this river abounds being caught upon the hook, pulled the unfortunate man into the water.

Old rivermen at Pittsburgh are positive in their predictions for a good rise, which, if it should be of long enough duration, will carry the greatest fleet of coalboats South that has ever sent out of that harbor. A great number of the towboats are lying a few miles below the city, and when the water reaches a sufficient height they can be attached to the fleets within a few hours.

The Wheeling Register says—"The conditions are well known to every manufacturer and merchant, and the 'On to Cairo' movement is no longer a myth—if it has ever been. There is but one way to accomplish the great end in view, and that is to unify the forces and the spirit of progress that has made the Ohio Valley famous in all parts of the earth for its marvelous production. The tremendous combination of brain, wealth and resources demands that an outlet shall be made for the production participated in by over 8,000,000 of people. To slackwater the Ohio from Pittsburgh to Cairo, and the building of thirty-seven dams, is indeed a gigantic and seemingly insurmountable undertaking, but is it any greater than what has been accomplished in establishing the great mills along the Ohio, whose capacity could be doubled if the Ohio were capable of carrying away the production."

NERVOUS HEADACHE BREEDS INSANITY

Many a person's whole pleasure in life is ruined by the fear of nervous headaches. Any little excitement, no matter what, business or social, brings them on. The feet and hands grow cold, the head is hot, the eyes stiff, the temples throb, and only in the quiet of a darkened room is relief obtained. This condition must be checked or it means complete mental ruin. To those people Dr. A. W. Chase's Nerve Pills come as a blessing. They do not stop, they cure the headaches. They do not blanket, they build up. They put the nervous system in a strong, vigorous, sturdy condition—a condition that gives one restative power and enables them to again enjoy life's pleasures.

Mrs. Minnie Aikman of No. 213 Lee street, Maysville, Ky., says—"I have been bothered for a long time with pains in the region of my heart and with racking nervous headaches. I was advised to try Dr. A. W. Chase's Nerve Pills and I got a box at Chenoweth's Drugstore and now I am happy to say that the heart pains and headaches are completely cured. I cannot speak too highly of these pills as they are an excellent medicine in every particular."

Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder. If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each. Kodol cures indigestion, dyspepsia and all stomach disorders.

I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me. Mrs. J. W. COOLBAUGH, Milo Center, N. Y.

Two Important Matters!

You seldom find us warming over our advertisements the second day as we want them to be as newsy as telegraph tidings. But we won't risk the possibility that two specials advertised Saturday escaped any one's attention. So we'll tell you again of our Table Linen for 59c and Black Dress Goods for 39c.

In Table Linens.

These sturdy silver bleached Irish linens in dainty patterns will open the eyes of those who know values and delight in making dollars journey far. At 75c they were considered a price leader in our linen department. At The Removal Sale price of 59c they are simply unrivaled. 68 inches wide.

In Dress Goods.

BLACK.

The margin of economy in this offering of pretty and stylish black goods is as broad as the materials are attractive. It means for many a woman a handsome black dress at little cost. The following 50c to 75c black goods are all priced at 39c:

Mohair worth 59c.
Granite worth 65c.

Serge worth 65c.
Etamine worth 75c

Melange worth 62½c.
Whipcords worth 50c.

COLORED.

The following are only samples snatched at random from the Dress Goods stock. The advertising gives only a faint idea of the imperial bargains in this department:

75c Dotted Mohair 50c. 45 inches wide.
59c Whipcord 39c. 40 inches wide.
50c Albattross 25c. 40 inches wide.
